

2025-2026 Quad City Heat Baseball Club Parent / Player Agreement

Please read thoroughly through the agreement form. The following form is a guideline and policy that the organization and the parents sustain to keep a good understanding of expectations from the organization to the parents.

- Each team is responsible \$3500 towards the organization to go towards their annual budget. The team must pay \$2000 by August 18th and the remainder by October 18th. The breakdown of the organizational expenses can be found on the Heat website.
- Each family will have the opportunity to help pay for fees through fundraising. The first fundraiser will be a raffle held in the fall and the second will be a trivia night in the winter. Each player is required to sell \$80 worth of tickets. The first \$30 will go towards the raffle tickets, winnings and coaches party. The remaining \$50 will go towards improving the indoor facility and outdoor fields. **Every ticket sold beyond the requirement will go directly to the player.** The Heat may elect to hold additional fundraisers that will solely benefit the players.
- Organizational fees do not cover the cost of tournaments or uniforms. Players must buy a new hat and the new uniform, but is not required to buy new returning uniforms. Each family must help pay for the tournaments. It is up to the team to determine the tournaments and the number of tournaments that each team plays in. **Teams are required to play in any Heat hosted tournament and help work Heat hosted tournaments if there is a division for the team to play in.**
- Teams will have the option to play in the QC Bronco Fall baseball league. The team will be responsible for a team fee of \$200 to enter the league, which is a 70% discount. The other 70% will be paid for by the organization through fees collected from sponsors and programs.
- Each player or team can get a business sponsor, at different levels of sponsorship, to help off-set most team fees. The sponsor is sponsoring the organization and the organization will donate **90%** of the sponsorship back to the team on which the player that got the sponsor plays for. Sponsorship money will be used by the team; however, they deem necessary, including but not limited to helping that player who got the sponsor with their yearly costs. Probable sponsors will not be applied for player fees. Fees must be paid on time.
- Players can receive Benevity funds / Dollars for Doers through John Deere or UHC for their team. The donations are sent to the organization and once requirements are met; the organization donates 75% back to the team to use for team expenses. By Benevity guidelines, at no time are individual players able to receive Benevity funds that are beneficial solely to that individual.
- Each individual team may determine additional fundraisers for families to help pay for hotels, tournaments, etc.
- Teams are to decide whether returning players must try out again for the following season. If a player wishes to be considered for a higher level within the organization, then they must attend tryouts.
- There is absolutely **no** playing for another baseball team (travel or townball teams) during the season unless approved by the coaching staff and Heat board. Players may have to be added to the roster / team during mid-season (after March). These players will not be subject to the obligations of playing for only 1 team, though it is stressed by the organization for the coaches to try to find someone that will play solely for the Heat.
- **We allow each team the opportunity to set team standards for players and families with team based agreement forms.**
- Individuals with money in their account must provide documentation (i.e., receipts), to have money reimbursed. Re-imbursement will only take place after all organization fees are paid and after all team fees have been paid. Money can only be used for expenses occurred for playing with the Heat and must be done during the current season (before the last tournament game). There will be no team disbursements until January 12th, 2026.
- At any time, if the attitudes of the players or parents get out of line, appropriate measures will be taken place by the organization. Actions may include but are not limited to; formally apologizing, suspensions, and removal from team. Coaches or the organization has the authority to hand down disciplinary actions to players/parents. Coaches must speak with the organization first before they lay down disciplinary actions on players / parents.
- Playing time is up to the individual team's coach's decisions. All playing time is earned and should be clearly communicated via the individual team's guide / policy.

Please read through the following agreement and sign after understanding the whole agreement.

Our goal is to make sure there is a clear understanding what is involved and what is expected of all persons in the organization.

This agreement is subject to change as deemed necessary by the Quad City Heat Board.
